Career Objective

Motivated B.Tech Computer Science student seeking an opportunity to apply programming skills and gain real-world experience in software development while continuously improving technical and problem-solving ab.

Education

B.Tech (Computer Science Engineering – Lateral Entry)
GLA University, Mathura
2025 – Present

Bachelor of Science (B.Sc)
Dr. Bhimrao Ambedkar University,
2022 – 2025

12th – CBSE Board
2020

10th – CBSE Board
2018

Technical Skills

- **Programming:** Java
- **Web Development:** HTML, CSS, JavaScript
- **Backend:** Node.js (Basic)
- **Database:** MongoDB
- **Version Control:** Git & GitHub
- **Core Concepts:** Problem Solving & Data Structures and Algorithms (Basic Level)

Technical Skills

- **Programming:** Java
- **Web Development:** HTML, CSS, Javascript
- **Backend:** Node.js (Basic)
- **Database:** MongoDB
- **Version Control:** Git & GitHub
- **Core Concepts:** Problem Solving & Data Structures and Algorithms (Basic Level)

Projects

- **Ledger Management System**
- Developed a web-based ledger system using HTML, CSS, Java aSCript
- Implemented CRUD operations
- Connected backend with MongoD
- Deployed project online

Strengths

- Disciplined and focused
- Quick learner
- Strong interst in backend and web development
